American and European Plans

The great essential of a resort hotel, as distinguished from a city hotel, is ample
public space devoted to the use of its guests, in the form of bright and airy Exchanges, Lobbies, Parlors, Galleries and Solariums, affording pleasing vistas and
beautiful promenades, the whole combining into a harmonious vision of grandeur
and beauty, while replete with the cozy group seclusions of home, and yet affording full view of the pleasing panorama of the resort life. In this essential the
filarthurningh-Hentherm stands without an equal in Atlantic City or elsewhere.

Its "Ownership Management," while accounting for its unique reputation, is a
guarantee of the high character of its patronage and the unexcelled quality of its
service and cuisine. It employs only white service in both its American and
a la carte dining rooms.

Atlantic City, with its only real competitor (Europe) this year impossible, is offering unusual attractions and entertainments. Two flying boats are daily sources of interest. Two golf courses, the Yacht Club, the fishing fleet and the wonderful hathing teach attract their respective devotees, while the pier amusements, numerous theatres, the Boardwalk, the fine motor roads and the aplendid hotels and restaurants, afford enjoyment to all. There is only one Atlantic City, and this summer it is particularly gay and attractive. Write for illustrated booklet and rates.
